

8121-M100-COG-102J Find #20 Capacitor

Capacitance Value uF	Insulation Resistance Megohms Minimum
0.001	1000

Suggested Source:
Erie Technologic Products
 Erie, PA

Part number: 8121-M100-COG-102J

Description: Capacitor, Fixed, Ceramic dielectric, monolithic construction
 Capacitance tolerance: +/- 5%
 Rated Voltage: 100VDC
 Dissipated factor: 2.5% maximum at 1KHz
 Dielectric test voltage: 250% rated DC voltage for 5 seconds with the current limited to 50mA.
 Temperature coefficient: +/- 0.3% max over operating temp range of -55C to +125C;
 Terminals: Radial leads, solder coated
 Operating Temp range: -55C to +85C
